

## IF BACKACHY OR KIDNEYS BOTHER

Eat Less Meat and Take a Glass of Salts to Flush Out Kidneys—Drink Plenty of Water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog, you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated, and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful, effervescent, lithia-water drink, which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble—Adv.

## APPETITE AND DIGESTION ARE BOTH GOOD NOW

How a Williamsport Woman Corrected Her Stomach Trouble and Recovered Her Health.

Many people are alarmed about their hearts unnecessarily. Organic heart disease rarely causes pain around the heart. In nine cases out of ten the pains are caused by the pressure of gas produced by indigestion, and a tonic for the stomach is all that is needed.

The case of Mrs. Clyde Edwards of No. 1054 High street, Williamsport, Pa., is a good illustration of the effective treatment of stomach trouble by the use of a home tonic. Mrs. Edwards says:

"I was generally run down, and my health was getting poorer all the time. My stomach bothered me, and gas would crowd my heart. My stomach would get sour and bloated after eating and I was in misery most of the time. Headaches were frequent and severe. Sometimes I would get dizzy spells, again I would have chills and cold sweats. My appetite was poor."

"I read about Dr. Williams' Pink Pills in the newspapers, and one day I got a box at the Millers drug store and gave them a trial. I found that they relieved me at once, and now, after taking them for five weeks, my health is good. I have gained in strength, have no pain after eating, am free from headache and, in fact, have no more of the disagreeable symptoms. My appetite and digestion are both good now."

"I have told others what Dr. Williams' Pink Pills have done for me, and am glad to recommend the remedy."

When food lies undigested in the stomach it ferments and gas forms. The condition is caused by a low tone of the digestive organs and a lack of rich, red blood, resulting in deficient nerve force. It is a condition that calls for a tonic.

Dr. Williams' Pink Pills, a tonic for the blood and nerves, have been used with great success in the treatment of this form of stomach trouble. Cold baths in the morning, followed by brisk friction with a rough towel, will help, as they stimulate the circulation; but a tonic treatment with Dr. Williams' Pink Pills by building up the blood, restoring the nerve force and making the stomach able to do its work gives the most lasting benefit. With their use the appetite increases, digestion becomes normal and improvement in the general health follows with certainty.

You are trying no experiment when you take Dr. Williams' Pink Pills. They cannot harm the most delicate system.

You can get Dr. Williams' Pink Pills at the nearest drug store, or they will be mailed, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50. A copy of a useful diet book, "What to Eat and How to Eat," will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y.—Adv.
